Subject: Alto-Shaam Literature Updates - Carving Stations, CT Express, Holding Cabinets, Merchandisers, & Quickchiller

Alto-Shaam has updated several pieces of literature to reflect the following changes:

Alto-Shaam Carving Station

- Additional electrical plug choices are available on our 230V units. Choose from CEE 7/7, CH2-16P, BS 1363 or AS/NZS 3112.
- Certifications were updated.
- Dimensions drawings updated.
- International versions available.

Alto-Shaam CT Express™ Combi Oven

- Water line pressure measurements are now shown in psi and kPa values.
- The G.F.I ground fault statement has been clarified.
- International versions now available.
- You can stack your CT Express™ CTX4-10 ovens over a 300-TH/III Cook & Hold oven or a 300-S holding cabinet with an optional stationary stand. [stacking specs]
- The CTX4-10 holds five (5) full size steam pans. [Brochure]
- Middle East & Africa office is now open in Dubai. [Brochure]

Alto-Shaam Halo Heat Merchandisers

- Electrical information was updated to reflect the use of a lower wattage 80-watt bulb (LP-33783).
- Certifications were updated.
- Shipping weights were added to the HFT2-300 & HFT2-400.
- International versions now available.

Alto-Shaam Halo Heat® Heated Holding Cabinets

- Certifications were updated. (300-S)
- Two (2) chrome plated side racks are included. (1000-S)
- International versions available.

Alto-Shaam Quickchiller™ Blast Chiller

- A QC2-100/NT with a narrower opening has been added to accommodate the trolley used with the 20-10 Combitherm® oven.
- Trolley part numbers have been updated in the options & accessories list.
- International versions available.
